

How to locate your Certificate of Analysis and Product instructions

Certificate of analysis

To receive a Certificate of Analysis, please use the link below:

https://www.3m.com/3M/en_US/food-safety-us/resources/certificates/

Instructions on how to use the search are as follows:

- 1 Enter the lot number exactly as it appears on the product (include dashes, uppercase, or spaces)
- 2 Enter the stock number without dashes or spaces. For example: 7020077028. Please remember to use the stock number listed on the shipping label of the product as the number may have changed
- 3 Press search and click the magnifying glass when the result returns to view certificate

3M CERTS Information System Bioscience IT
Version 10.01.2011

SITE TIPS: Enter an 11 digit stock number, without the dashes, into the Stock Number Field. Enter Lot number exactly as it appears on the product including dashes if appropriate. Click SEARCH and a list will return; pick COA from the list and click on the magnifying glass to view COA. Note due to a system change batches produced after 11-1-2017 will no longer include spaces.

Search For CERTS

Please enter a 3M Lot Number and a 3M Stock Number to search for a Certificate.

Lot Number: Be sure to type the lot number in its exact format.

Stock Number: Be sure to type the stock number without dashes or spaces.

ERP Material #:

1 points to the Lot Number field, 2 points to the Stock Number field, and 3 points to the Search button.

If a request does not return, complete and submit the 'Request Certificates' form.
Please enter the stock number and LOT number into the form:

☐ Request Certificates

Click on the Show Form link to fill out the short request form below and click the button to submit your request.
All fields are required unless indicated optional
